EDITORIAL

tled event to create an Album on the Cowboy Fast Draw Society Page. When you are on the CFD Society page, click on "Media", and then click on "Albums", you will then see an option to create a new album. This is a very easy way to post all of your event photos in an organized way. Another benefit is that it makes it much easier for people to be able to look back at pictures instead of having to scroll through countless posts trying to find them again. My favorite part is that it also makes it so much easier for me to get photos for the Gazette, instead of people having to send multiple emails with photos. So it's a win win situation for everyone!

While we are talking about pictures, just another quick reminder to be sure you also assign someone to take pictures of award winners! I know they appreciate it when they have their picture in the Gazette to go along with the article.

Thank you so much to everyone who contributed to this issue! I think this is the fullest Spring Issue we have had in quite some time, which is very exciting. I look forward to receiving articles for the upcoming season. As always, please contact me with any questions about articles, ads, or the CFDA website.

Take Care!

2021, It is so good to see you! I think we can all agree that we all could not wait to see 2020 come to an end. So now we can start looking towards the future with better days ahead.

So far, CFDA is getting off to a great start. There are currently 21 Titled Championships planned for this year, which is great news considering so many had to be put on hold last year. Hopefully this means we can all have a little sense of normalcy back in our lives. Due to so many event cancellations last year, we were only able to publish 3 issues of the Gunslinger's Gazette! We are hopeful this year we will be back to our normal 5 issues a year.

As we get ready to start off the 2021 shooting season, just a few reminders.

Titled Event Results

Please be sure to send in your Titled Event results as soon as you can after your event so they can be posted on the CFDA website and be tallied for the Top Gun Points (rich text format is the preferred file format). Please do not send JPEG pictures of the results.

Posting Event Photos to the CFDA Facebook Page
I highly encourage all clubs that are hosting a ti-

INSIDE THE CFDA

By: Quick Cal, Executive Director

Howdy Everyone!
Spring is here! The 2021 CFDA Season is about to begin!!!

At this time every year, we look forward to the CFDA Titled Championship Season to begin. This year, as we did last year, we start with the Oklahoma State in March. But, last year just as the Oklahoma State was about to start everything changed in our world with the beginning of the China-Virus Lockdowns, which are still going on in some places. But, the Oklahoma State went on and was a success, as did 18 of our 26 scheduled CFDA Titled Championships in 2020. So, I hereby proclaim that due to the strong commitment of our CFDA Affiliated Host Clubs and members that our 2020 Season was a huge success!

I firmly believe that as the year goes on and the virus diminishes our 2021 Season may become the busiest and most successful season we have ever had. We will also have 2022 to look forward to, think of it, the 20th Anniversary of CFDA! Shouldn't we be planning some special things for next year? I think so!

Looking Back at 53 Years of Shooting Sports

This is my 53rd year in competitive shooting sports... I began at age 15, the year was 1968 when my Dad took me to a weekly contest with the Chicago Colts Fast Draw Club. I have been in love with shooting sports ever since. I not only loved them as a competitor, but also beginning in my 20's as an administrator, promoter and match director.

As a competitor, I've had the honor to rise to the top levels in several different shooting disciplines, Fast Draw, IPSC, Steel Challenge, Bowling Pin Shooting, Cowboy Action Shooting, and Cowboy Fast Draw.

As an Administrator, I have held every elected office in the World Fast Draw Association. As President of the Sierra Nevada Pistol League (IPSC), built the club to over 100 members. Founded the High Plains Drifters SASS Club, and as President built it to over 100 members. Authored the SASS RO Program, and was appointed Chairman of the SASS RO Committee for 9 years. Currently, Executive Director of CFDA.

As a Promoter, I doubt there is anyone in the history of all shooting sports who has promoted or has been Match Director of more major shooting championships. I have done this in most of the disciplines I have competed in. But of course, I must acknowledge all of the great people over the years who helped make all of that possible, because no one can undertake such

monumental tasks alone. I'm proud and fortunate to have made hundreds of life-long friends along the way.

Without question, I have dedicated a huge part of my life to shooting sports, I am a strong believer in giving back to those who have given me so much enjoyment. I am also extremely fortunate to have a great family that not only puts up with me in these endeavors, they support me in more ways than anyone could ever imagine.

Integrity of Shooting Sports

The reason why I wrote the above section, was so that you may understand my prospective from what I am about to write.

I have noticed a trend in almost every shooting discipline. At first, they are founded upon a firm set of principles that sets them apart and makes them unique. Then, within a few years they begin to relax their founding principles. Apparently, they do this in hopes of attracting new members or possibly they are trying to make it easier for children to get involved. Sometimes, it does result in gaining some members, but usually it does not sustain itself for long, and they begin to decline in popularity.

You can really call Fast Draw the granddaddy of all Action Shooting Sports. It began in 1955, when a fellow by the name of Dee Woolem invented a Fast Draw Timer and held the 1st National Championship at Knott's Berry Farm, where he worked as a reenactor robbing a train. Dee Woolem, who I had the pleasure to meet and interview in 1995, has long been considered the Father of Fast Draw.

Fast Draw originally was just that, FAST DRAW. What I mean by that, is that there were no targets, no reactions, and no wax bullets. You placed your trigger finger on a button, with your hand at least 6" from your gun, your six-gun was loaded shells containing only primers. When the judges announced they were ready, you could begin your draw. They used a large clock-faced timer, where one sweep of the hand around the clock was one-second. When your hand went for the gun, your trigger finger also released the start button. When you fired your gun, the speaker would react to the sound, enact the clutch, stopping the hand of the timer, which indicated your time to the hundredth of a second. Only the actual raw-time of the draw was recorded.

Within just a few years, in an effort to add more substance to the sport, they added an event called Walk & Draw Level. Shooters would face each other at a distance of about 60 feet and on the command of an announcer they would begin walking towards each other, with safety blanks in their six-guns. They still imposed the 6" Hand Rule, and as you can imagine there were a lot of missed draws and dropped guns. It was exciting to watch, and soon tournaments were held in Tombstone and other locations, with the Sahara-Colt Nationals being held in Las Vegas for 4 years, from 1959 through 1962. Clint Eastwood actually

paid an entry and competed.

Soon shooters started adding more "substance" like wax bullet events and started to use balloons to prove they could actually hit a target. But, during this time the sport also took a liberal turn towards equipment modifications, including the development of fanning hammers, bucket-booted holsters, extremely modified and ultra-lightened six-guns. By 1960 it was all about speed and many had dreams of becoming famous as The Fastest Gun Alive.

The Sport of Fast Draw has been at odds with itself for over 65 years, with a constant argument over Speed vs Accuracy. The sport allowed the modification of its equipment to the point that not only did it no longer have any reasonable ties to the Old West, but went well beyond anything to do with Hollywood.

Please don't get me wrong, any form of Fast Draw requires an incredible amount of devotion and development of skill to be successful at. I admire all of them, and I was there too, practicing to eliminate every thousandths of a second and doing whatever it took to win, like everyone else, and I loved it!

I am also not running down the World Fast Draw Association (WFDA), as I dedicated a huge amount of time and energy in the 6 years I spent during the 90's trying to bring it back from near extinction as its Secretary and then Chairman. I will always love it and remember the great times and most of all the life-long friends I made because of it. However, I moved on from it, because of constant arguments and politics, then went on to spend almost a decade enjoying Cowboy Action Shooting (SASS). Unfortunately, I doubt the WFDA currently has more than 50 active members in North America, and that truly saddens me.

What CFDA Stands For

I became interested in Fast Draw again when the Founder of CFDA, Brad Hemmah, called me for advice on a number of subjects during its formation, especially about equipment. Brad and I both know each other well from our WFDA days, as he was the Host of the Deadwood World Championships from 1992 to 2000, we worked together closely. He got fed up with the WFDA for the same reasons I did, and we shared a mutual vision of the proper balance between Speed vs Accuracy. That is the concept of how the target sizes and distances were determined for Cowboy Fast Draw. Brad also wanted to instill a sense of the Old West in CFDA, as in his words within the second paragraph of his Founder's Letter that we will always publish in every edition of the CFDA Rule Book.

As a result, our current team has built our membership numbers from just under 300 to almost 6,500! We are the largest Fast Draw organization to ever exist, by far, and there is a reason for that, we stand by our Founding Principles. However, I can tell you that we have

not reached even a tenth of our potential, which is what I hope to put in place with the help of a lot of great people!

WFPG & XFDA

I have refrained from public comments on these apparent off-shoots of CFDA. The leader of WFPG on social media in particular has tried to pull me into some sort of online public argument, for which I have no interest.

However, the time has come to state to our membership where I stand.

WFPG - I consider some of them as disgruntled CFDA members who did not want to compete against our general membership who value the proper balance of speed vs accuracy. They also disagreed with steps that CFDA took to protect the "Integrity of Our Game". That is their right and America is a free country. If they wish to shoot at Blocker Targets at closer distances, that priority speed over accuracy that is also their right, and I hold no ill will against them, or anyone else that wishes to play their game. However, because of what I have written in this article, it is also my right not to take the time to involve myself with something that I don't agree with. I truly hope they come back to CFDA again someday, but that, of course, is their choice.

XFDA - While they are very friendly and maintain good terms with CFDA, most of them are still very involved and active with CFDA, which I truly value and appreciate. They also shoot Blocker Targets at closer distances. Which as previously stated, is simply a concept that I cannot support. I wish them the best and look forward to seeing all of them as the CFDA begins over the coming months.

Liability Insurance

There is another misconception that I've attacked clubs that use Blocker Targets and practice for or hold WFPG or XFDA events, by cancelling their CFDA Liability Insurance. The fact is, that since 2006, we have always required that clubs offer CFDA exclusively if they want to participate in the NRA/CFDA Liability Insurance Program. We simply cannot understand why anyone should believe that CFDA should expose ourselves to the liability of other shooting disciplines. As a longtime businessman and Executive Director of CFDA, It would be negligent and incompetent on my part to allow that. The CFDA insurance program is in most cases less expensive, just a few hundred dollars, than a club acquiring their own Shooting Club Insurance Policy and naming CFDA as an "Additionally Insured". Organizations like SASS requires that of all clubs provide their own insurance and name SASS as Additionally Insured.

In Closing

I just wish everyone the best. We should all be excited about the 2021 Season ahead and be thankful for the common passion that we all share. Hope to see you all on the line at a CFDA Event!

Hit'em Fast!

NEWS AND ANNOUNCEMENTS

By: Alotta Lead, CFDA Operations, Clubs & Events Director

Happy winter everyone! At the time I started this article the snow was coming down in buckets and was that way for a week or so. It was nice! Normally when our area gets snow, it's like "here today gone tomorrow". It would have been great weather at Christmas time, compared to the 60 degree weather we had then, *which was actually pretty perfect!* I grew up in the snow country, located in northern California, a little town called Chester, close to Mt. Lassen and right by the edge of Lake Almanor.

My parents had a fast food drive-in located in Chester for many years. All my formidable years had taken place there. Summers were super busy working at the "Frosty Stand", taking my days off and riding my horse all over the place or floating down the Feather River on my trusty inner tube! Come late Oct. the snow would start up and they would close down shop for the winter.

Instead of being cooped up in the house after school or on weekends, I would find things to entertain myself. With the snow reaching the second story windows of our living quarters, 10 - 13 feet of snow sometimes, it would bring out the imagination in me. One year in particular, I dubbed it the "snow cone" winter. You see, we sold snow cones in the summertime. Lots of different flavors would fill those little snow cone cups and we sold a *lot* of them in the summer, so that meant we had a *lot* of snow cone cups in the storage room in stock....actually ready for the next summer rush on snow cones!

However when I was about 12 years old, that winter we had a ton of snow. White everywhere. White upon white. I, being the artist that I am, thought the landscape could use a little color! With great wet snow right at my beckon call, what better thing to liven up the outside for all to see, but to make hundreds of beautiful colored snow cones! So I did just that with great joy...it was fun....at the time anyway. The little snow cone snow scooper did a great job! 100's of perfectly little rounded topped, brightly colored snow cones lined the top of the snow bank in our side yard,

not visible from our home, which was why I was able to get away with what I did before my mother found out! Not only did I use ALL I could find of those snow cone cups in the stockroom, I also used all the flavored syrup my mother had on hand for the upcoming season. They were so pretty! Cherry, blueberry, lime, lemon, orange and grape! Oh my!! The colors were a sight to behold dotting the yard for all to see and the rainbow of color is just what was needed to liven up an otherwise stark white landscape.

After completing the masterpiece, I remembering standing outside a few days later admiring what I had done, when the voice of rampage was heard over the landscape. My mother had just discovered the missing goods after taking inventory. I thought I had at least a good two more months before the "crime" was discovered. But she had decided to do an early check on all things needed to gear up for the spring opening. Good golly, what a bummer. Even though she went on a yelling spree for hours, she just didn't see the beauty in the array of color that welcomed folks to our home and for all to see as they drove by. Needless to say, I never had a "snow cone winter"....ever again. After working my tail off that summer to repay her for the cups and syrup I had used, I never forgot that year, who would after getting into that much trouble! Oh, those were the days!!

CFDA "Good to Know" Information

We often get asked a lot of questions over the phone or through emails, which we are more than happy to hear from you and answer any and all questions you might have. However *almost* every question asked can be found in the 10th Edition of the Gunslinger's Rule Book. If you have one, reread it, I've had to do that several times myself, and I always refer to it for anything I'm not sure about, and then I ask Quick Cal if I can't find what I'm looking for! If you don't have several in your possession, you can purchase all you need on the CFDA General Store website. It doesn't hurt to have several around for easy access.

Also please use your "full chosen alias" when contacting us, when you call or enter a contest, especially now that the shooting season is upon us.

Another item of importance is please send us any changes in your address, emails, phone numbers etc. and who in your family this change effects. We'll

receive a change of address on a renewal for one member, only to get a phone call saying that the rest of their family is not getting the Gazette.....it's being sent to their old address. We can't assume the rest of the members of that family were included in the request. You can call, send a letter or email us at: info@cowboyfastdraw.com, so our whole staff receives it....would be a huge help for us. Thanks

After going through a full makeover of our CFDA website, we can now say it up and running with just a few tweaks here and there but overall it's much more user friendly! We're still in the process of updating a lot of lists of award winners for the most recent years. But all in all, looking pretty good! The membership links are up and running, and we had some that weren't. We appreciate when our members let us know when they find a link that's not working, there are hundreds of them.

I also want to thank everyone who purchases and supports the CFDA General Store, the clearing house for all CFDA needs! It's the lifeline for the sport, as all purchases help keep the office up and

running, and help the organization keep the shelves stocked. The "cost of goods sold" have risen greatly, meaning the products that we purchase or components we buy to sell or to complete an item ie; targets - timers on the website have gone up, but we try and keep the price of the CFDA products in the General Store as low as possible wherever we can. We thank you and truly appreciate it!

With all the upcoming titled championship events on the books for 2021, looks to be a busy year for CFDA given that a lot of places around the country still have a covid restriction in place. The events that CFDA puts on are still a go. Did you know that 2022 is the 20th Anniversary for the Cowboy Fast Draw Association? It's hard to believe how fast time goes by, but each and every year has been quit a ride. So here's to many more wonderful years of the best sport in the world and to all the many more friendships we'll all make along the way!

Take care- And go out and make it a great CFDA Day! I know Rowdy & Quigley will!

Alotta Lead

ANNUAL COWBOY FAST DRAW OKLAHOMA STATE CHAMPIONSHIP

Mar 26th -28th 2021
CREEK COUNTY FAIRGROUNDS

For questions about reserving an RV spot or questions about the banquet, please contact Lisa Jenkins @ 918-760-8179 or ljenkins@cimtel.net

2020 FLORIDA STATE CHAMPIONSHIP

Shootout in the Swamp

By Smokin' Gun

Bunnell, FL - The 2020 Florida State Shootout in the Swamp was held at the Flagler County Fairgrounds in Bunnell, Florida and was hosted by the Cracker Cowboys on September 18-20, 2020. All five of the Florida CFDA clubs were represented and participated in the match. We also had shooters from Alabama, Virginia, Kentucky, South Carolina, South Dakota, Maine, and Nevada. We had 43 shooters (36 Men and 7 Ladies). It was great to see so many friends. We appreciate everyone who came out to join us. We spent the morning socializing and getting reacquainted and meeting 'new' friends.

The Flagler County Fairgrounds is a large county-run facility. There was plenty of room for us to set up and run two ranges, dry fire areas, cleaning tables, a registration area, and scoring

tent. It offers a large, well-lit parking area, had restroom facilities that were clean and well maintained. Cracker Cowboys set up the ranges on Wednesday and Thursday. Thank you to everyone who came out to help set up.

The Shootout in the Swamp began on Friday September 18th. It was a hot, humid Florida day and was mostly cloudy, but the rain held off until late afternoon. Gates opened at 7 a.m.

At 8:30 a.m., Martin Brabham, Cracker Cowboy' Marshal Smokin' Gun, called the match to order. We started with The Pledge of Allegiance then the National Anthem. Smokin' Gun went over the match details. Friday was the categories shoots, a 3X out, best 3 out of 5 shots. Easy Money was the Safety Officer and reviewed CFDA safety protocols with us.

Men's categories were primarily held on Range A. Ladies shot on Range B. A very special thank you to all of those who announced, kept scores, hand judged, and ran the line. Crystal J and Pat Lester spent almost their entire weekend scoring for us. Without these great ladies we couldn't have had such a smooth match. A special thank you to everyone who helped during the matches by taking turns announcing, scoring, hand judging, running score sheets and acting as range masters. It takes a village and community working together to put on these matches, and we have a great CFDA community here in Florida. Everyone's help is appreciated.

There were some visitors, families, and spectators at the match. We all had a great time shooting, and we love when our family and friends can come out and watch us. Holding these events at public venues lets us bring Cowboy Fast

Draw to the public so they can see what we do and helps us generate interest in our sport. We had a food truck vendor who came out at lunchtime on Friday and Saturday. The food was delicious, and we appreciate them being there.

Cracker Cowboys would like to thank Katherine Vania Naranjo (Dusty Starr) for taking the official match photographs all weekend, and to TJ Dean, Lee Wonders, Scott Anderson, and Linda and Tim Duncan who took and posted videos and live streamed the matches.

The Friday, September 18, 2020 Category Match First Place winners of each category won a belt buckle and plaque awarded at the banquet dinner.

After the category matches were finished and shooting was done for the day, Regulator Von Zipper held a Range Officer Class at the Range and re-certified those who needed it and a few taking the test for the first time. Barstool Bob had the opportunity to run the line a few times on Saturday to complete his requirements.

The Florida State CFDA Championship match resumed on Saturday, September 19, 2020. It was a dreary, damp, humid, overcast day, but in the morning, we only had a light drizzle. Registration, check in, weapon and equipment safety checks were all done between 7 and 8 a.m. A large group photograph of all shooters and club group photographs were taken with the Cracker Cowboy alligator mascot!

Flagler County Sheriff, Rick Staly, arrived to welcome us all to the Flagler County Fairgrounds and start off our match. Smokin' Gun called the match to order and we said The Pledge of Allegiance and Stainless Steel said a few words as did Sheriff Staly.

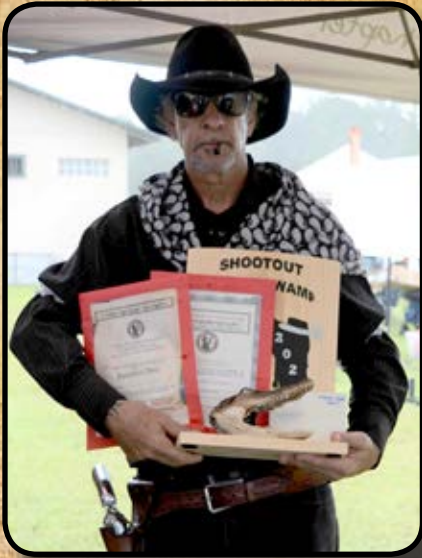

Sponsors for the Florida State Shootout in the Swamp were: Shooter's World, Halifax Health, Intracoastal Bank, All of the Florida Fast Draw Clubs.

At 9 a.m. the first line up for the Florida State match was posted. This was a 4X out, best 3 out of 5 shots match. Men were shooting on both ranges, and the ladies match was held on Range B. We shot seven rounds Saturday. By lunch time there was a front moving in and rain started becoming heavy, with strong winds. We continued shooting until after 4 p.m.

The Florida State Shootout banquet was held at the Palm Coast Elks Lodge on Old Kings Road with the social hour beginning at 6 p.m. At 7 p.m. dinner was served. Starting at 8 p.m. awards were presented by Smokin' Gun and Mendy.

Thanks to Diane McLaughlin (Mustang Diane) who arranged the

**2020 OVERALL FLORIDA STATE CHAMPIONS
HAFTA B. FAST & BILLIE SIOUX**

banquet facilities and table centerpieces. The Elks Club did a great job with set up the team served a very nice chicken barbeque dinner.

Gypsy Girl provided professional western themed background photo set up for our banquet pictures. Katherine Vraniak Naranjo (Dusty Starr) and Jill Dempsey (Blue Hawk) took banquet and award pictures.

Kevin Yeo (Island) and Ken Wooly (Blaster) of the .45 Sidekicks out of The Villages presented Von Zipper with a card, engraved plaque, and a customized Daisy Red Ryder BB Gun in a special presentation. A big thank you to Von Zipper for your support and dedication to the members of the CFDA within Florida. The recognition went on to read "You've demonstrated not only a kinship to all cowboys and fellow shootist but a willingness to share your expertise and time. You truly have set an example for all while fulfilling the duties as a "Regulator". Please accept this Red Ryder BB gun modified by "Blaster" as a

token of our appreciation. We know as our Regulator you'll continue to Ride Hard, Shoot Straight and Speak the Truth."

The conclusion to the Florida State Shootout in the Swamp was held Sunday September 20, 2020. The weather consisted of a northeaster than brought torrential rains, 40+ mph gale force winds, thunderstorms, and adverse conditions. Almost the entire match was conducted in rain.

First, we held the Quick and the Dead side match. It was \$10 for 5 shots. There were many Shooter's participating in this fun match. The 50/50 Prize drawing went to Mendy.

At 9 a.m. the scorekeeper posted the range assignments. There was a shoot off for placement on the Ladies Magnificent Seven. The shoot off was between Short Spur, Sierra, and Blue Hawk. This was both Sierra's and Short Spur's very first sanctioned match and both ladies were excited and nervous.

The winners of First, Second, and Third Place Men and Ladies each won a special trophy designed by Gloria and Andy Mendolia (Mendy). The awards featured a real gator head. First Place winners of Ladies and Men's also won a belt buckle and a .45 single action revolver. Plaques were awarded to 4th -15th place Men's winners, and through 7th Place Ladies winners.

There were visitors, family, spectators, and the Ladies were introduced and called to the line first.

Congratulations to all the Ladies on your shooting this weekend.

The Florida State Championship Ladies Winners:

1. Billie Sioux
2. Gypsy Girl
3. Little Money
4. Blue Hawk
5. Sierra
6. Mustang Diane
7. Short Spur

Adirondack Kid was awarded the CFDA Spirit of the Game award for all of his hard work, dedication, and for going and giving above and beyond to Cracker Cowboys and all of the Florida clubs.

Cracker Cowboys would like to thank everyone who attended the Florida State Shootout in the Swamp. Without all of you there would not be a CFDA match. We appreciate you coming and braving inclement weather, pandemic threats, and travel and logistical issues to attend and shoot with us.

All the Florida CFDA clubs pitched in to help with supplies, equipment, and support. We appreciate everyone who helped plan, implement, sponsor, and contribute to this match both in front of the camera and behind the scenes in the setup, take down, clean up, and with putting away equipment. Thank you all for your hard work.

HOSTED BY THE
CRACKER COWBOYS

*2020 California State Champions
Vic Torious & Huckleberry Honey*

Oroville California - The Cowboy Fast Draw in-laws, outlaws and "others" started rolling into the lightly smoke hazed weekend of The California State Championships. ALL were welcomed to the newly built range of Huckleberry Honey & Fowl Shot, who were greatly appreciative to have a place to host so many great folks. The Pot Shoot for the cowgirls and cowboys began at high noon to officially christen the range with 53 shooters. The Top 3 of both divisions were shaken out from 13 ladies and 40 men. The Ladies Finished with 3rd Prickly Pear, 2nd Lefty Lipscomb, and 1st Huckleberry Honey. The Men's Finished with 3rd Sprayin Lead Ned, 2nd Dead Eye Kid, and 1st Quick Cal. The night ended with a pizza social (provided by Ol Buck'r and his wife Chris) and The Gold Country Out Riders brought out the poker chips to

Honey*

throw down a few hands of friendly poker.

Saturday morning started off with Fowl Shot welcoming and thanking all who traveled to Northern California to take part in the weekend of shooting. We had 10 states proudly represented at the State Shoot. Originally, the California State Championship was to be held again in 2020 by the Cowboys of Oakdale, CA. Due to complications with COVID.....they were unable to host the event at their Home Range in Oakdale. The Cowboys were gracious enough to allow us to host the event at our home, and we are truly humbled and appreciative of all their help and support. Many of the Cowboys made the trip up from Oakdale to present Fowl Shot & Huckleberry Honey with a Susan B Anthony wooden flag made by Single Phase'n to honor the new range. We will display the flag with honor, and are grateful to the great friends from Oakdale. Quick Cal spoke a few words of the wise then ranges were quickly fired up with shots down range.

Saturday evening folks gathered inside the indoor range for a great tri-tip meal prepared by a local butcher-deli shop The Wagon Wheel. The Pot Shoot Awards were handed out and The Early Entry Gun drawing was hand-picked by Shell Shock.

Diablo Daisy was the lucky winner!! Again, The Gold Country Out Riders spilled out the poker chips and let them fall as they may, with the winnings donated to Shoot For The Stars.

Sunday morning came early as the Magnificent 7 were determined with the final shoot offs. Shortly after, we set off into the Brackets. (See results on next page)

Then back to the California State Finals..... We kicked it off with the only two Jr. Girls, Prickly Pear out from Arizona and Shell Shock up from Texas. Prickly Pear had won the first battle against Shell Shock with three out of five shots. They switched lanes and gave it another try. Prickly Pear got the first hit, then Shell Shock, but it was Prickly Pear that prevailed. Shell Shock placed 2nd and Prickly Pear became our California State Jr. Girls Champion!!

Then off to the Jr. Boys....we had Sheriff Rango over from Nevada and Tank down from Idaho. It was Tank that got the first hit on the target but soon later Sheriff Rango put three in a row to take the first round between these young gentlemen. They switched lanes and gave it another go. The score was two to one in Sheriff Rango's favor. Both young men hit, but Sheriff Rango

beat out Tanks .348 with a .342. So very close. Tank took 2nd place and Sheriff Rango became our California State Jr. Boys Champion!!

Excitement happened on the line during the ladies finals. The Magnificent 7 started with Miss B Haven, 7th seed and Sweet Fuse, 6th seed. The score became two to one in Miss B Havens favor. Both ladies hit their next shot but it was Miss B Haven's .454 that was faster than Sweet Fuse's .474 which moved her up to take on KK Kid, 5th seed. Miss B Haven gets the first shot on the plate with a .418 but KK Kid strikes back with a Record Breaking .318!!! Needing to keep this Record Time, KK Kid would have to bring a .323 or faster. As both ladies were giving their best, they both hit but KK Kid brought more heat with yet, another Ladies Record Time of .316 to Miss B Havens .449!!! As the bout continues two to two, KK Kid moves on to take on Legally Loaded, moving Miss B Haven back down to shoot it out with Sweet Fuse. That bout was finished up placing Sweet Fuse in 7th place. As KK Kid and Legally Loaded continue two to two, Legally Loaded takes that round putting KK Kid down to shoot in lanes three and

four with Miss B Haven again, as Legally Loaded takes on 3rd seed Blondie. KK Kid takes the round from Miss B Haven sending her home in 6th place. After taking the bout two to two, Blondie sends Legally Loaded down to shoot for placement with KK Kid in lanes three and four. This brings out 2nd seed Nessa Rose to tend to Blondie. As KK Kid and Legally Loaded go two to two, Legally Loaded sends KK Kid home in 5th place. Blondie and Nessa Rose take their bout one to two, Nessa Rose puts the final hit on her target sending Blondie down to Legally Loaded for placement in lanes three and four. This brings out our top seed, Huckleberry Honey. As the round goes two to two between Legally Loaded and Blondie in lanes three and four, Legally Loaded puts the final hit on her target sending Blondie home in 4th place. On lanes one and two Huckleberry Honey wins the bout with three out of five hits putting her in the cat bird seat, waiting and watching to see who she takes on for 1st and 2nd place. Meanwhile, this will put Nessa Rose and Legally Loaded at center stage to battle for 3rd place. Nessa Rose swiftly puts three hits on her target sending Legally Loaded home in 3rd place. Huckleberry Honey comes back out and takes Nessa Rose off lane three and moves her to lane four. Being a two X elimination during the final, if Nessa Rose wins they'll be even with one X each. If Huckleberry Honey wins, she'll take the win and it'll be all over. Nessa Rose gets the first two hits

K.K.Kid sets New Ladies Record for Fastest Time!

on her target with a two to zero score, but Huckleberry Honey comes back to make it even with a two to two score. Both ladies slap a hit on their targets, but Huckleberry Honey takes the win with her .454 beating out Nessa Rose's .580. The Ladies Finals finish off with Nessa Rose taking 2nd place and Huckleberry Honey as our Ladies 2020 California State Champion.

After we caught our breath, we get down to the Men's Magnificent 7. Our 6th seed Dead Eye Kid takes lane one giving Taz, our 7th seed, lane two. After Dead Eye Kid puts on three faster shots in a row he puts Taz down into lanes three and four for placement.

This brings up our 5th seed, Buzzard Cooper who takes lane one, putting Dead Eye Kid on lane two. After five shots, Dead Eye Kid sends Buzzard Cooper down to lanes three and four to join Taz. Up next we send out our 4th seed, Crosswired. He and his big black hat take lane two bouncing Dead Eye Kid to lane one. Buzzard Cooper takes out Taz after four shots putting Taz in 7th place, while Dead Eye Kid takes out Crosswired sending him over to tend with Buzzard Cooper. This brings out our 3rd seed, Run Fat Man Run to shoot it out with Dead Eye Kid. After taking it two to two, between Crosswired and Buzzard Cooper, Crosswired put the final hit on the target to send Buzzard Cooper out in 6th place. Meanwhile on lane one, Dead Eye Kid slaps on five hits in a row but Run Fat Man Run has three faster hits of his own, sending Dead Eye Kid over to contend with Crosswired. Then out walks our 2nd seed

Tank, who takes lane two. After squaring off between Crosswired and Dead Eye Kid on lanes three and four, Crosswired seals the deal and sends Dead Eye Kid home in 5th place. Not counting their tying shot of .347, Tank puts three more hits on the target to call the win his and sends Run Fat Man Run over to shoot it out with Crosswired for placement. Then out comes our 1st seed, Vic Torious. Crosswired and Run Fat Man Run keep things even on lanes three and four with a score of two to two but Run Fat Man Run takes the final shot to win and sends Crosswired home, placing 4th. Now to determine 3rd place we have Run Fat Man Run and Tank on lanes three and four, while Vic Torious is sitting in the cat bird seat. Run Fat Man Run was the first to put a hit on the target but it would be Tank who took the round for the win putting Run Fat Man Run in 3rd place. Now it came down to the last two contenders. Tank who had one X and Vic Torious who was still clean during the finals. As with any breath holding finals, these two were tied up at two to two, but it was Vic Torious that put the final nail in the coffin. Tank went home in 2nd place and Vic Torious became our Men's 2020 California State Champion.

As the weekend had come to an end, we all gathered inside to cool off and pass out the awards and safely send everyone on their way home. Again, we'd like to THANK everyone for coming out to The Shelterwood Ranch.

Don't forget to mark for calendars for April 29th & 30th 2021 for a Pot Shoot and The California State Championships put on by The Cowboys and May 1st & 2nd 2021 for The Western Territorial Championships put on by The Sundowners!!

2020 California State Results

First Entry Received – Old Drifter

Top Placing Ca State Resident -- Ricochet Rose & Taz

Top Placing Couple – Legally Loaded & Bounty Hunter

Top Ranch Hands – KK Kid who kept an endless supply of ammo ready. Lefty Lipscomb who was ready to give a helping hand anywhere needed. Wild Shot who never complains and is always happy.

Special Mention – Ol Buck'r for supplying Red Riders Spit Fire Wax. Diamonback Billy, Snake Charmer & Sundowner for supplying the primers.

Thank you to the Comanche Moon Renegades & West Texas Rangers for letting use borrow their brass & to BOSS for loading 7500 brass for the California State weekend.

Spirit of The Game – The Cowboys

Fastest Shot – KK Kid .316 (NEW Ladies Record!) Tank .318

Top Shooter – Men - Em Quick Ladies – (none shooting a long gun...not even Wench)

Jr. Girls – 1. Prickly Pear, 2. Shell Shock

Jr. Boys – 1. Sheriff Rango, 2. Tank

2020 SOUTH DAKOTA STATE CHAMPIONSHIP

By Lucky Lady #410

VALENTINE, NE -The South Dakota State Championship was held September 17, 2020, in Valentine, NE, in conjunction with the Nebraska State and Great Plains Territorial Shoots. The Powder Horn Ranch Regulators are very appreciative of the Sparks Nebraska Spurs for this opportunity as our normal location at Cabela's/Bass Pros was not available because of the pandemic.

We had a total of 86 shooters from over 15 states and we want to thank all of those who attended and as far as we know, everyone remained healthy and had a safe trip home! Thankfully, we participate in a sport that allows us to be outside and socially distance (most of the time!)

The Top Ten Men and Women received cash & buckles and the Top Fifteen Men and Women received buckles. Additionally, prizes were awarded to Men's and Women's Fastest Shots, Top Placing Juniors, and Top Placing Couple.

Fifty-six men battled for the

bragging rights for the championship and Big Ugly walked away with the prize after 18 rounds of fast and furious shooting, with Vic Torious coming in second, Quick Cal third, JC Dalton fourth, Mr. X fifth, Short Keg sixth, The Shiloh Kid seventh, Fowl Shot eighth, Boulder Vaquero ninth, and Everett Hitch tenth.

The ladies competed in a congenial, yet competitive match with thirty shooters. Dead Eye Daisy shot her way to the championship after 14 rounds with second place going to Debbie Sioux, third to Shady Lady, fourth to Huckleberry Honey, fifth to Lefty Lipscomb, sixth to Texas Rose, seventh to Flying Cowgirl, eighth to Lightnin', ninth to Emerlasting and tenth to Bug Fuzz.

Junior Champions were Flying Cowgirl and Mississippi Kid, the Fastest time in the Men's Division went to Big Ugly with a .326 and to Flying Cowgirl in the Women's with a .350. The Top Couple prize went to Dead Eye Daisy &

JC Dalton, Long Gun Champions were Dry Gulcher and Rebel Belle and the FGA Highest Placing Resident Champions were awarded to Emerlasting and Boulder Vaquero.

Everett Hitch was the lucky recipient of the raffle for the CFDA gun. Items for the Shoot for the Stars Scholarship Program included an iron horseshoe sculpture created by Lil' Country Trader (won by The Abacus Kid), a quilt painting donated by Shady Lady (won by Lucky O'Reilly), and a quilt donated by Boulder's Babe (won by Sundowner). Thanks to everyone who purchased chances on the raffle and to Winny D for donating the sales of her famous pickles!

Again, thanks to everyone who attended the shoot; we look forward to seeing you at the 2021 South Dakota State and High Plains Championships to be held again in our host city of Mitchell, SD! More details will be available later.

Top 15 Ladies- 1st Deadeye Daisy, 2nd Debbie Sioux 3rd Shady Lady, 4th Huckleberry Honey, 5th Lefty Lipscomb 6th Texas Rose, 7th Flying Cowgirl, 8th Lightnin, 9th Emerlasting, 10th Bug Fuzz, 11th Diamond Girl, 12th Yowee, 13th Kansas Belle, 14th Wench, 15th Rebel Belle

2020 SOUTH DAKOTA STATE CHAMPIONS DEADEYE DAISY & BIG UGLY

Top 15 Men - 1st Big Ugly, 2nd Vic Torious, 3rd Quick Cal 4th JC Dalton, 5th Mr. X, 6th Short Keg, 7th The Shiloh Kid 8th Fowl Shot, 9th Boulder Vaquero, 10th Everett Hitch 11th Likety-Split, 12th Rob N Plunder, 13th Crosswired 14th Sundowner, 15th Outlaw

By: CFDA Staff

We're pleased to announce that The Cowboys are CFDA's 2020 Club of the Year! Each year we at CFDA Headquarters we have a meeting to choose a club that stands out and deserves this special recognition. It is always a challenge since we have so many great clubs who make our sport possible for us to enjoy in all corners of the USA.

The Cowboys formed in 2016, according to Stanislaus, the leader of the club, the club founders made a decision to do their best to make this new club inclusive to all who enjoy the sport of Cowboy Fast

Draw. Through steady recruitment The Cowboys have built one of the largest clubs in the nation. They built a permanent range at the Oakdale Sportsman's Club, a club that also features a shotgun range and several berms that are available to several types of shooting sports. The Cowboys have gone all-out decorating their main shooting range, it's really something to see! They have gained a number of members that came to the range to enjoy other shooting disciplines. It seems that once they see how much fun The Cowboys are having, they inquire on how to get involved. The Cowboys always keep

extra holsters and guns around for those that want to give Cowboy Fast Draw a try.

In 2018, The Cowboys hosted the California State Championship. It became very popular with the shooters who came back in 2019. But, 2020 presented a challenge due to Covid-19 and they were unable to hold the championship at their home range. The Sundowners then offered to hold the California State at Fowl Shot & Huckleberry Honey's new range in Oroville, CA. The Cowboys gladly accommodated and showed up to support and help out wherever they could in a team effort.

This year, uncertainty still hung over whether the Oakdale Shooting Club could be used as the venue with California's strict group limitations. So, both the Californian State, hosted by The Cowboys and the Western Territorial, hosted by The Sundowners, will be held on the same weekend in Oroville.

The Cowboys have been recently putting in more effort to bring new Youth Shooters into their club as well. Congratulations to The Cowboys!

CONGRATULATIONS TO THE 2020

Hanni Yothers a.k.a. Dead Eye Daisy CFDA #L5725 2020 Lady's CFDA Top Gun of the Year Interview By: Quick Cal

Quick Cal (QC)

Howdy Dead Eye Daisy, it's a pleasure to speak with you this evening. Your family, The Dalton Gang, came into our sport at the beginning of 2019 and made a huge impact not only as competitors, but as great representatives of sportsmanship. It's a CFDA Tradition to interview our Top Guns of the Year and publish an article in our Spring Gunslinger's Gazette.

Dead Eye Daisy (DED)

Quick Cal, it's great to hear from you. I can't begin to tell you how much JC Dalton, Flying Cowgirl and I have loved getting involved with Cowboy Fast Draw and getting to know so many wonderful people.

QC: Well, I have some questions to ask, let's get started.....

How do you feel about winning CFDA Top Gun of the 2020 Year?

DED: It's a Huge Honor! There are so many great competitors to shoot against, it's just huge to win Top Gun of the Year! Plus, we're having so much fun in this game, we just love to participate with so many good people.

QC: How did you get started in Cowboy Fast Draw?

DED: (John) JC Dalton has always loved firearms and shooting sports and was watching Shooting USA in January of 2019 when they

were covering the 2018 FGA and he thought it would be fun to get involved. He called the CFDA office and talked to you on the phone for a long time about how to get started.....

QC: I remember that call, and yes, he had so many questions, we spent over an hour on the phone...

DED: Yes, he was so excited and ordered what he needed to get started, a gun, holster, timer/target, and wax ammo. So, he set it up in the basement and started to practice and just loved it! Then, he asked (Kael) Flying Cowgirl and me to join him and give it a try. Kael and I really had a lot of fun and loved sharing it with him. Also, as you know, John had a stroke a few years ago. We thought this would be not only great therapy for him, but it was something we could all do together as a family! John then called you again and ordered what we needed for two lanes, including lasers and laser targets and everything else we needed for Kael and me. As soon as we got it, we set it up in the garage and have been practicing and shooting ever since.

QC: What was your first contest?

DED: It was I believe in April of 2019, we called the Black River Bandits in Wisconsin, and talked to Fossilman and Lightn'in and let them know we were coming, which was an 8 hour

drive. They thought it was a little strange that Flying Cowgirl, a 12 year old girl who had just started, already had a Level 4 Card issued by you.

QC: Yes, that was unusual for sure. But, when JC Dalton sent me videos showing the progress she had made and when I received her letter where she wrote about studying to be a pilot, being an experienced hunter and trap shooting competitor, I just knew there was something special about this "young lady". So, I felt the Level 4 Card was appropriate, since our Youth Program is designed to allow our young shooters develop at their own pace.

DED: When we showed up Fossilman, Light'nin and the rest of their club were so helpful and supportive, they really helped us get totally involved. Also, once they met and shot with Flying Cowgirl, they agreed with your decision.

QC: What do you love most about Cowboy Fast Draw?

DED: The people! Plus, I have always loved to compete in sports like Basketball, Volley Ball, and I love to ski. Cowboy Fast Draw gives me a chance to practice, improve and enjoy competition again.

QC: What inspired you to train to become a champion?

DED: I thought, if we're going to travel to

matches as a family, I wanted to practice enough to be capable of winning. I discovered that I really enjoy practicing, measuring my progress and seeing that progress show up as better results at matches.

QC: How much do you practice?

DED: I practice 5 or 6 days a week. I shoot 4 or 5 rounds at 15', and sometimes move closer to work on speed. I always keep my session under 30 shots. I also practice, just a few minutes at a time, on the laser target we also keep set up inside our home.

QC: Do you have any tips for our members?

DED: PRACTICE! To be consistent and keep improving you have got to practice! Cowboy Fast Draw keeps growing and the shooters keep improving, so you also have got to keep improving. Also, Just Have Fun!

QC: What accomplishment are you most proud of?

DED: That's a hard question..... I can't say that I am more proud of any championship more than the others. But, winning Top Gun is truly an amazing feeling. However, I think what I am most proud of as a shooter, is my consistency.

QC: What are your Goals for 2021?

DED: I realize that I can never be as fast as some of the ladies out there like K.K. Kid or now my own daughter. But, I want to keep trying to improve, gain a little more speed and become even more consistent. I just want to keep getting on the line, putting my best foot forward, having fun, and be the best I can be.

1st Dead Eye Daisy - 237 pts

2nd Huckleberry Honey - 227 pts

Tied 3rd Corkey - 217 pts

Tied 3rd Lefty Lipscomb - 217 pts

6th Miss B Haven - 212 pts

7th Kansas Belle - 201 pts

8th K.K. Kid - 191 pts

9th Granny Oakley - 186 pts

10th Shady Lady - 169 pts

CFDA TOP GUNS OF THE YEAR!

Levi Jordan a.k.a. Rodeo Romeo CFDA #2556 2020 Men's CFDA Top Gun of the Year Interview By: Quick Cal

Quick Cal (QC)

Howdy Rodeo Romeo, glad I got a hold of you this weekend, I heard you were working in Las Vegas at a big auction as the Auctioneer. Congratulations! On your National Championship this year and the remarkable year you had in winning the Top Gun of the Year. It's a CFDA Tradition to interview our Top Guns of the Year and publish an article in our Spring Gunslinger's Gazette.

Rodeo Romeo (RR)

Quick Cal, Thank You and yes I'm in Las Vegas for about 2 months now and I'm sure looking to getting back home to Phoenix and begin practicing again for the upcoming season.

QC: I have some questions to ask, let's get started.....

How do you feel about winning CFDA Top Gun of the 2020 Year?

RR: Pretty Awesome! Winning Top Gun has always been one of my main goals. But, with my line of work it is hard to travel to make as many events as I would like to. So, with the shortened season due to Covid-19 and lowering the minimum to 5 matches to count for points instead of the normal 6 this year, helped me qualify.

QC: How did you get started in Cowboy Fast Draw?

RR: My Brother Dry Gulcher and his wife Yowee went to a Try Cowboy Fast Draw event in Glendale, AZ back in 2011 and really enjoyed it. They told me about it and we all went together to an Association of Arizona Gunslingers contest at the Pioneer Museum and really got hooked on the sport. I have made life-long friends from all over the U.S. that I never would have had without it.

QC: What do you love most about Cowboy Fast Draw?

RR: The people! The camaraderie in our sport is amazing! They will lend you equipment, give you pointers, and just generally help you. Plus, the Cowboy Way is a big thing with me, since I was raised on a ranch and lived as a cowboy.

QC: What inspired you to train to become a champion?

RR: As a cowboy growing up, I really got into Rodeo, and competed a lot as a Team Roper. So, I have always wanted to train to be the best that I could be at anything I do. I also competed in 2004 and became the National Auctioneer Champion. When

I started in CFDA, I gave myself three years to learn the game and hoped to be good enough to win. In 2014, that came true at the Southern Territorial in Odessa, TX and then I repeated in 2015. I went through a period that I thought I was good enough and didn't need to practice much anymore. It didn't take long to realize how good I really was, I quit winning. Once I resumed training, I started winning again. I also found out that I enjoyed helping others train, so I set up the Fast Draw Camp to help others learn how to train.

QC: How much do you practice?

RR: I normally train at least two times during the week and then shoot local matches or train on weekends. Three times a week works pretty good for me. However, when I'm prepping for a major event I shoot almost every day. Except, that in the final days leading up to a major shoot, I lay off practicing and just focus on enjoying myself at the event. I also limit the number of shots in practice sessions, I don't want to over-practice and turn it into a job.

QC: Do you have any tips for our members?

RR: You get out of the sport what you

put into it. A lot of members get into the sport mainly to socialize and make friends. That's Cool! CFDA has something for everyone to enjoy at any level of competition. You can enjoy our sport anyway you want. Whether you train to be a champion or not, always make sure that you're having fun.

QC: What accomplishment are you most proud of?

RR: I'm really proud of winning the Triple Crown they held in Amarillo this past year. Winning the Southern Territorial again and my first National Championship on the same week was really amazing. That weekend is what really made winning Top Gun of the Year possible for me.

QC: What are your Goals for 2021?

RR: Stay consistent repeat Top Gun of the Year and get another shot at the ultimate goal of winning the Fastest Gun Alive! I just want to continue to love Cowboy Fast Draw, and our CFDA Family. CFDA has so many great programs like the Safety & Range Officer Training Courses, and I especially like the CFDA Shoot for the Stars Scholarship Foundation. Just all-around a great sport to be involved with.

QC: Thanks Rodeo Romeo and we really appreciate your auctioneering abilities at our annual Shoot for the Stars Auction at FGA! Good Luck in 2021!

1st Rodeo Romeo - 225 pts

2nd Vic Torious - 221 pts

3rd Texas Marshal - 220 pts

4th Quick Cal - 211 pts

5th Crosswired - 208 pts

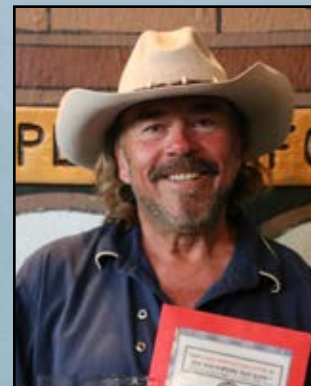

6th JC Dalton - 207 pts

7th Mississippi Kid - 206 pts

8th Buzzard Cooper - 192 pts

9th Quigley - 189 pts

10th Sheriff Rango - 184 pts

2020 NEVADA STATE &

By: CFDA Staff

Fernley, Nevada - In 2017, we teamed up with the Great Basin Gun Hawks and hosted our first Nevada State Championship at the QC-AL Ranch, which is the home of Quick Cal & Alotta Lead, CFDA Headquarters & the Home Range for the Great Basin Gun Hawks. Starting in 2018 we expanded the event and added the Western Territorial Championship. We thank Genoa Maverick for hosting these events in previous years, in which he and Short Keg did an outstanding job.

Then 2020 came along and event planning became critical for any event held across our nation, including those planning CFDA events. The 2019 event was highly rated by those attending with all three 6-Lane Ranges in and around the infamous Bat Barn. However, it became apparent a few months before our 2020 event that indoor gatherings were out of the question. So, our event was moved to our pasture where two 6 Lane Ranges were set up, courtesy of the CFDA War Wagon. We knew the weekend following the 4th of July would be hot, but between shade structures, some shade trees, and the shade netting covering the ranges, everyone did just fine.

Of course, with a team like Lady Heather & Quick Cal running the CFDA Scoring Program and getting rounds posted within 5 minutes after the last shot of the preceding rounds, we were able to

finish each day's shooting in early to mid-afternoon. After the shooting was done many of the shooters would gather on the shaded front lawn or back yard to generally socialize, enjoy cool drinks, share snacks and food, and engage in some interesting conversations. There never seems to be a shortage of topics to talk about among Gunfighters.

Thursday - Jackpot Shoot

We start our annual Jackpot Shoot on Thursday at 11:00 a.m., so that some of our fellow California Gunfighters can make the drive early in the morning. It's a great way to have fun getting some practice on match equipment. In the Men's Division our Finalists were National Champion Rodeo Romeo & Sheriff Rango it was a close match but Rodeo Romeo's .331 edged out Sheriff Rango's .346. For our Ladies, Ricochet Rose took on Idahay in the Finals and held on taking the win!

Jackpot Shoot Results

Men

1st	Rodeo Romeo	(AZ)
2nd	Sheriff Rango	(NV)
3rd	Old Drifter	(CA)

Ladies

1st	Ricochet Rose	(CA)
2nd	Idahay	(OR)
3rd	Cardoza Kid	(CA)

Friday - Nevada State Championship (Last Man Standing)

Friday Morning our Shooters Meeting featured Fernley's Mayor Roy Edgington stopping by and welcoming our Shooters to Fernley. By the way, Mayor Edgington a.k.a. Fernley *CFDA L108* is an old shooting buddy of Quick Cal's and has been a member of CFDA since 2006. At 8:30 Sharp the match began, with Round 7 being fired before noon! Shooters helped themselves to hot dogs and drinks as they got hungry and the championship rounds were over by 2 p.m.

Our Ladies Division saw Granny Oakley making a great run taking 3rd Place, with the Finals coming down to two former World Champions with Lefty Lipscomb taking the Nevada State Ladies Championship with Miss B Haven as Runner Up.

In the Men's Division, after Round 13, we were down to three of our "Young

CFDA Shooting Stars", Sheriff Rango, Crosswired, and World Champion Oregon Ranger. Sheriff Rango lasted another 3 rounds in a series of Bye Rounds ending up in 3rd Place, which left Crosswired and Oregon Ranger in the Final Round. Oregon Ranger prevailed firing a .311 in the last round with Crosswired taking 2nd.

Nevada State Championship

Men

1st	Oregon Ranger	(OR)
2nd	Crosswired	(OR)

Lady - K.K. Kid .351

Saturday - Western Territorial Championship (Shoot Until Magnificent 7 Finals are Set)

Saturday Morning is here and we're all looking forward to getting the Western Territorial under way! Today we'll shoot

**2020 Nevada State Champions
Oregon Ranger & Lefty Lipscomb**

as many rounds as it takes to reach the Magnificent 7 Shootoffs, to make room for our Sunday Morning Bracket Match. We have our Pledge of Allegiance, a Prayer, and Roll Call. With Round 1 posted, we're ready to go!

The rounds go by fast again thanks to "Lightning Fingers" Lady Heather and the shooters are there to readily volunteer as Range Masters, Announcers, Scorekeepers and Hand Judges. Bean Counter and Etta Mae did an outstanding job as Announcer & Scorer for Range A, while Bad Boy and Blondie teamed up to run Range B!

Things moved so well that we took a short Lunch Break of Sub-Sandwiches and we were down to our Top 7 By around 2:00 p.m.. Some of the shooters went to their motels and some went to their RV's to get ready for the evenings events! Our Burgers, Brats & Beer BBQ & Awards for the Nevada State Championship in the Quick Cal & Alotta Lead's beautiful backyard! A great evening under the beautiful Nevada Sky, it cools down nice and quick here in the High Desert! A good time was had by All!

Sunday - Western States Bracket Championship & Magnificent 7 Shootoffs

It's Sunday, the last day of 4 days of shooting. We had our Shooters Meeting to go over today's events, Roll Call for our Bracket Shoot. Then, join in with Shelbie, age 7, leading us in our National Anthem and onto our Sunday Prayer led by K.K. Kid.

Bracket Shoot- Normally we have Three Ranges for 3 Brackets, but this year we decided 2 Ranges were enough.

WESTERN TERRITORIAL

So, we assigned the Gunfighters to Range A, the Sheriffs to Range B, then simply split the Master Gunfighter's Score Sheets between both ranges. It worked like a charm, especially since Master Gunfighters are often some of our most experienced shooters and always there to pitch in where needed, to keep things running smoothly. Since it was a 2-X Bracket Match, after just 4 rounds, we were able to combine all of the brackets to Range A, so that we could all enjoy some exciting Final Rounds!

Master Gunfighter

- 1st Quick Cal (NV)
- 2nd Oregon Ranger (OR)
- 3rd Dead Eye Kid (NV)
- 4th Buzzard Cooper (ID)
- 5th Sheriff Rango (NV)

Gunfighter

- 1st Huckleberry Honey(CA)
- 2nd Red Ryder (CA)
- 3rd Gunpowder Puff (CA)
- 4th Taz (CA)
- 5th Sundowner (CA)

Sheriff

- 1st California Thumber(CA)
- 2nd Big Bad John (CA)
- 3rd The Texan (ID)
- 4th Sand Point Slim (ID)
- 5th Two Talker (ID)

Magnificent 7 - Western Territorial Championship

The stage was set, the Shooters were ready, and the competition was hot!

2020 Western Territorial Champions Rodeo Romeo & Stormie Weather

Our results show the Top 15 Men & Top 10 Ladies. Fastest Times for the Top 7 are shown for the fastest shot they fired in the Shootoff, although final placing is determined by wins and losses. All other placing in the Top 15 Men & Top 10 Ladies were determined by Shootoffs for placing that happened on Saturday afternoon.

Western Territorial Championship

Men

- 1st Rodeo Romeo (AZ) .322
- 2nd Run Fat Man Run (CA) .331
- 3rd Quick Cal (NV) .372
- 4th Vic Torious (AR) .344
- 5th Dead Eye Kid (NV) .413

Showdown at Pioneer Village

ARIZONA TERRITORY

For 2020, the Association of Arizona Gunslingers gave club point awards by CFDA brackets with awards for 1st, 2nd and 3rd. The final shoot of the year was a last man standing 3 x CFDA type bracket event so that shooters could compete directly against their foes. Shooters were bracketed by their 2nd fastest time for the year. The intent was to foster competition and increase participation with great success. On a clear crisp day 39 gunfighters faced off as follows:

Master Gunfighter: Everett Hitch entered the day with a four point lead over Shady Mike with Muletrain and Rodeo Romeo in a battle for 3rd. The event win went to Hitch over Rodeo with Shady coming in third. The event win was not sufficient to hold off Shady who took 1st place over Hitch on a tie breaker in the overall points. Muletrain finished third and Rodeo fourth in the yearly points.

Gunfighter: Half Cock Willie entered the contest with an overwhelming lead over dogboy with No Name in fourth in points and Miss Kitty in seventh. The final match

of the day's event was a family affair with No Name besting Miss Kitty for the win and Half Cock Willie finishing third. Points standings when the smoke cleared were Half Cock Willie 1st, dogboy 2nd, No Name 3rd and Miss Kitty 4th.

Sheriff: This bracket was one of the most spirited brackets. The day's event was won by Mean Wolverine with youth Coyote Kid 2nd. Both moved up in points but just outside the awards at 4th and 6th. The points leader going into the day was Desert Gator finishing for the day in 3rd but not high enough to hold off Viper, the 4th place finisher for the day, who won 1st place on a tie breaker with Desert Gator. Dakota Drifter finished 6th for the day but held onto the 3rd place trophy for the year.

Deputy: Javelina Hunter, age 8, entered the day with a one point lead over Sky Queen and two points over Yowee. Yowee won the day's event which gave her the overall points trophy, Sky Queen finished 2nd and Javelina Hunter third. Buckboard Jer finished 4th in points based on his event 2nd place finish.

Master Gunfighter: 1st Shady Mike, 2nd Everett Hitch, 3rd Muletrain

Gunfighter: 1st Half Cock Willie, 2nd dogboy, 3rd No Name

Sheriff: 1st Viper (center), 2nd Desert Gator (right), 3rd Dakota Drifter (left)

Deputy: 1st Yowee; 2nd Sky Queen, 3rd Javelina Hunter

Bad Eye Burns and His Glass Eye

By Rooster Cogburn

First a little background, nine years ago my wife Ricochet Rose and I started our CFDA club the Gold Country Out Riders. The name came from our proximity to Sutter's Mill and the nearby California gold discovery in 1848. The Out Riders part came from the John Wayne movie "The War Wagon". The Out Riders were the hired guns, tasked with protecting the War Wagon and its gold shipment. Now the story of Warren "Bad Eye" Burns. Warren contacted me after seeing an article in the local newspaper about our new Fast Draw club. He was in his late seventy's by then and not in the best of health, but he wanted to give it a try. He absolutely loved it. He would call and ask to bring friends and family members over. A few months in and Warren wanted to go with me to the Reno Peacemakers monthly shoot. We had a great time and got a chance to get to know each other better. But it is what happened on our way home that made "Bad Eye Burns" unforgettable. I stopped for fuel at the state line and while I was fueling my truck Warren says, "Oh dang I lost my eye". His glass eye had popped out and I found it on the floor behind the passenger seat. I picked it up and gave it back to him. We had a good laugh. But that was not the end of the story. We had made it about another 40 miles when he said, "Dang it I

lost my eye again." I told him "you're not using it anyway, and it can't get out of my truck between here and my place." I asked him how many glass eyes he had had over the course of 50 plus years since he had lost his eye. He told me this was the only one. I told him "Heck you lost it twice in my truck." When we got back to my place, I parked on the lower driveway so Warren could unload his gear, and I went searching for his lost eye. I found it between the center console and the passenger seat's mounting rail. Funny thing it had landed staring up at me. My hands were too big to fetch it out, but luckily my wife was coming down the stairs about that time. By this time Warren and I were laughing so hard she thought we were pranking her. I assured her we were not but really needed her help. I showed her where his eye was staring up at her and she reluctantly reached in and fetched it out and handed it to Warren. I have told this story many times and it never fails to get a chuckle. Unfortunately, we lost Warren not too long after that. He would have been a great ambassador for our sport. I was reminded of this story a few months ago when I received an email from his daughter. She and her husband wanted to come try cowboy fast draw as away to honor her Dad. I learned from her that apparently, Warren liked to tell this story of his lost eye as well. So many come and go in our sport, I wanted to share this story in memory of Bad Eye Burns.

THE PINKERTON REGULATORS BRING THE 2021 KANSAS STATE CHAMPIONSHIP TO HISTORIC "OLD COWTOWN" IN WICHITA, KS

The Pinkerton Regulators would like to invite you to come shoot with us in the historical Old Cowtown, where the Ghosts of Doc Holiday and Wyatt Earp still walk the streets. These buildings are not re-creations but are the actual buildings from the past. Step back in time and re-live the glory days where it was not uncommon to witness a shootout in the dirt street of Kansas frontier towns like Wichita, Abilene, Dodge City and as far west as Tombstone Arizona. When you are not on the line, you can meander through the town, visit the old train depot and check out Snitzel's Saloon where you can belly up to the bar and enjoy a nice cold Sarsaparilla. Right next door is the Southern Hotel where

Gunslingers probably spent a night or two back in the day. Get a feel for what life was really like in the 1800's when you got everything you needed from the General Store and the Drug Store. The Blacksmith and the Livery Stable were important hubs for transportation and you can view an original stagecoach that still operates on occasion. Any outlaws that were scheming to rob that stagecoach or the original bank at the end of the street, were sure to end up in the old jail right next door.

We hope to see you at the shoot and don't forget Saturday night we will hold the banquet onsite in a beautiful banquet hall, so you don't even have to leave Cowtown.

JOIN US FOR THE 2021 IDAHO STATE CHAMPIONSHIP

By Curley Calhoun & Cool Hand Suz

Hey gunfighters, Curley Calhoun here. Cool Hand Suz and I, along with the entire Sawtooth Shootist Society crew, are pleased to announce that we will be hosting the 2021 Idaho State Championship. We are planning to introduce the event as a Blast from the Past. For those of you who were not shooting in the early CFDA days, Idaho was the second state to begin hosting titled CFDA matches. Idaho has been host to Idaho State, the Great Northwest Territorial and the National Championships. The Idaho events were known for roasting half buffalos over a pit right on the range. Yep, you read that right - half a buffalo. We also had a couple World Champion gun spinners twirling away to the amazement of the spectators and a cowboy talent contest on the stage of the "Bird Cage" Theater. There was singin', dancin', magic tricks, and Cowboy poetry and stories being told. It was a real hoot. We've even held a wedding between CFDA members, for which the judge showed up mistakenly believing it was a hangin' he was presid-

ing over. Good thing he realized his error before Buzzard Cooper had a rope around his neck!

Well, this year we are hoping to give you all a BLAST from the PAST!! Startin' on Friday we're gonna finish the day with a fast and furious Quick and the Dead match with the top 3 finishers splitting (50/30/20) half the pot! The other half will go to Camp River Run, a non-profit organization here in Idaho, who offer children who are battling life-threatening or disabling medical conditions an outdoor camp experience to rejuvenate their youth and strengthen their spirits.

Hopefully, a few of the children can be at the match and they can get some photos with some of you gunfighters. Speaking of children, Buckhorn Gun Shop is sponsoring our Youth this year. They're proud to support our 2nd Amendment Rights and the CFDA's efforts to instruct today's youth in safe gun handling, fun and fair competition, and the Cowboy Way.

Saturday, we will start off with the main match just like any other and here's where we are going to throw in one of our twists that we are famous for. We have rolled in an opportunity for you to earn some Cool Cash during the first 4 rounds of the match. What could that be? Join us, and you will find out on Saturday, September 4th! Then after the final shot on Saturday

determines our seeding for the Fantastic 5, you'll no doubt be ready for the barbecue you've been smellin' all afternoon...Oh, did I forget to mention our good friend, Cookie O' Callahan from Grubbin' BBQ will be cookin' up some of the best vittles in the whole Pacific Northwest. If you attended one of our Lowman matches, you know how good this supper is. We will be eating right on the range and as you're getting your bellies full, the Sawtooth posse will be settin' up the stage. Stage? Get this, we got Mississippi Marshal comin' all the way from, well, you guessed it, Mississippi, to regale us with his Delta Blues. That's right...the real deal blues! That should just about tucker us out for a Saturday. Now we're hopin' you all got a good night's sleep, 'cause Sunday starts right off with a Bracket match. Now it's time to see what you really have against everybody within your shootin' time range. When it's time for the Fantastic 5 showdown to crown our new CFDA Idaho State Champions, will it be you? You'll have to show up to find out!

Just in case you're wonderin', we will be using C&R Wax and Rio primers, and shootin' at 17" targets from 15' to get you all primed for the Fastest Gun Alive just a few weeks later.

Hope to see you all at the Crazy Woman Range in Idaho on Labor Day weekend to enjoy a Blast from the Past.

Correction:

In the last issue of the Gunslinger's Gazette we mistakenly named Mississippi Kid as receiving the CFDA Top Hand Award nominated by The Cowboys of California. It was actually a Fast Draw Icon and a personal hero of mine who won this prestigious award.

Duke Jethro a.k.a. Mississippi Six Gun, CFDA # 1564, was our actual winner.

Respectfully,
Quick Cal, and the CFDA Team

A Ghost Story

By John West as told to him
by Gentleman George

"Mr. Murry, sur, ah needs sum hep."

Mr. Murry looked up from his checker game and saw an old farmer. He was wearing a pair of worn coveralls and a greasy John Deere baseball style hat. The sleeves of his long underwear poked out from under his coveralls.

It was 1932, in the town of Cheneyville, Louisiana. Several men were playing checkers in the town square. Permanent, stone checker board tables, set in a row, on a cement slab, were popular with the men in town.

"Wat can ah do fo ya?" asked Mr. Murry.

"Ah lost ma mule. I cain't find'em. I got ten acres I gotta plow today. I heard ya could find'em."

Known as a physic or fortune teller, many people came from throughout Louisiana to Cheneyville, asking Mr. Murry for help.

A tall, thin black man, Robert Murry farmed a small patch of ground owned by the city sheriff. Murry had a gift of sight. Even as a boy, he just naturally found things. He also seemed to know what lay ahead for people in town. He could predict the weather. He knew when it would be hot or cold, wet or dry.

Farmers, in the area, relied on his advice. He knew what to plant and when. He actually had a decent income from grateful folks in town. The sheriff used him from time to time to help solve a crime or to find a missing person or animal.

The thing Robert liked most was to play checkers. The permanent stone tables with checker board tops were built by the city because Murry did his best forecasting after playing checkers.

Rarely did Murry lose a game of checkers. Players from other towns came to Cheneyville just to play checkers with Mr. Murry. The county fair always had a checker tournament, usually won by Mr. Murry.

When Mr. Murry died, the city erected a three person crypt, just for him. Six graves sites, along one side of the crypt, were saved for his pall bearers. Set up, at a slight angle, a stone checker table sat in front of the crypt. A chair sat anchored, at the end of the table, away from the door.

Legend has it, that Mr. Murry will join you in a game of checkers. You need only knock on the crypt door, and say, "Mr. Murry, how about a game of checkers," then walk around the table and sit in the chair. The door of the crypt would open slowly and Mr. Murry would come out and play. He even had his own set of checkers.

My friends and I were seniors in high school. We tended to get a bit wild at times. I had a pick up and my buddies would pile in the back, usually with a case of beer, and we would drive up and down some dirt, county road until the beer was gone. Sometimes we went to the county dump with our 22's and shot rats. Drinking beer and shooting rats was a good time. So good that often it was a toss-up between a night with the boys, or a date with Betty Jean.

One May night, we were bored with nothing to do. The beer was almost gone and we were feeling, 'hot to trot with no place to race.' George came up with the idea that we should go to the cemetery and ask Mr. Murry for a game of

checkers. George often came up with hair-brained schemes.

One time George took the pole, from the track team shed, used for pole vaulting and challenged us to vault over Boeuf Bayou Creek. Just plant it in the middle of the creek he said, and ride it over to the other side. He even volunteered to show us how to do it. As it turned out, George was not fast enough to carry himself across the creek on the pole. He stalled out about half way over, tipped to one side, and fell in.

Having enough beer this night, we all thought a checker game was a great idea. We drove to the Cheneyville cemetery, parked the truck, and finished off the beer. A long, gravel road ran along the side of the cemetery. About a hundred yards down the road and a few feet to the left, marked Mr. Murry's crypt.

The night couldn't be any better for a walk in a cemetery. The full moon shone brightly, casting shadows everywhere. Big, old Oak trees grew in and out of the cemetery. Their limbs hung to the ground, covered in moss. A breeze whined through the leaves, moving the limbs back and forth, casting moving shadows over the ground. Chipmunks and ground squirrels scurried about the leaves on the ground, creating spooky sounds. A hoot owl made his presence known. A rodent of some kind, screamed as an owl lifted him off the ground.

Feelin' the beer, with false bravado, we made our way down the road and found the crypt. Since it was George's idea for a checker game, he was the one to knock on the door. George staggered up to the door, banged on it, and shouted out for Mr. Murry to come out for a checker game. He then made his way round the table and sat in the chair. The rest of us leaned on the tombstones and waited, real casual like.

A minute went by and, with a relieved tone, George suggested we go because Mr. Murry was not coming out. I said to give him another minute or two cause he had to get out of his casket first, and then walk to the door, plus he might be hard of hearing.

It wasn't much longer when a creaking

sound got our attention. It could have been anywhere, but, for us, it seemed to be comin' from the door. The moon cast a bright light and we could see the door clearly. A shadow appeared where there was none before. It had the appearance of a door. The shadow moved slowly across the front of the crypt, as if the door was opening.

We will never know if Robert Murry stepped out to play checkers. We will never know what he looked like after forty years long dead. We were nowhere near that crypt, two seconds after the door creaked open. Shrieking and the sound of pounding feet filled the air. My baseball hat flew off my head as I ran. It took less than a second to decide it would stay where it lay. Mr. Murry could have it if he wanted it.

We were all sure we could out run a man who had been dead for forty years, but, then again, if he could step out of a coffin to play checkers, he might have the where-with-all to glide quickly across a cemetery.

I, myself, was surprised by how quickly I became sober. I had heard people could die of fright. I don't know if that is true, but, I do know, for me personally, a man can sprint, through a cemetery and clearly hurdle several tombstones in a single breath.

Diving into the bed of a truck could be painful, but, four teen-age boys easily cleared the tail gate without a second's hesitation. There might have been a spoiled pair of britches or two that night, but, no one cared. I revved the ole truck past the red line and popped the clutch. Rocks flew from the tires, and we left that cemetery far behind.

If anyone ever asked us about that night; we verified the legend of Mr. Murry and told them to check it out for themselves if they didn't believe us.

Although we didn't shake hands on it, or take a secret oath, none of us were ever going back to Mr. Murry's crypt again.

If you visit the cemetery, you can see the headstone for Robert Murry. It shows he was born in 1888. However, there is no date declaring his death, that date is blank. What do you think?

DEAD EYE E-Z LOADERS

Wax Bullets

Try 'Em, You'll Love 'Em!!!

A precision process is used to create the most consistent and accurate wax bullet on the market. The bullet is a "Boat Tail" design, with the tapered end going in first. This wax bullet is designed to break apart on impact, reducing bounce-back projectiles. The wax-polyethylene formula allows for the least amount of waxing in barrel rifling. The wax formula is also designed to load well on a progressive reloading press reducing fracture bullets significantly, making it the #1 bullet used for CFDA Titled Championships.

WWW.COWBOYFASTDRAW.COM

CFDA Director "Quick Cal" being presented an honorary BB Gun customized by CFDA member "Blaster" a member of the of Florida .45 Sidekicks in Florida. The BB Guns start out as a regular Daisy BB Gun, with the stock of the gun being overhauled to the point where it becomes an heirloom for its recipients. From start to finish, it takes "Blaster" approximately 3 weeks to have the beautifully restored BB Gun ready for presentation. A big thank you to "Blaster" and the .45 Sidekicks for the wonderful presentation sent to "Quick Cal", that he will treasure forever.

COWBOY FAST DRAW GENERAL STORE

Are You Looking For a Cowboy Fast Draw Six-Gun?

ALL SIX-GUNS ARE COMPETITION READY!

These six-guns are completely ready to go and come complete with a Dead Eye Kid "Six-Gun Setup". We do not sell our six-guns any other way. All the six-guns we sell are brand new and have only been test-fired, unless we specifically state otherwise.

Ruger Vaqueros are generally in-stock and available. Colt-action style six-guns are also available, with a limited stock of various models that are available. We only stock guns offered by sponsors of the Cowboy Fast Draw Association. **We support those who support our sport, as most of our members do.** Those Sponsors are Ruger, Pietta of Italy, and Taylor's & Co. We sincerely hope that when choosing your Six-Gun from any source, that you consider who helps make Cowboy Fast Draw possible.

Payment, Shipping & Transfer Information (We Only Ship To FFL Dealers)

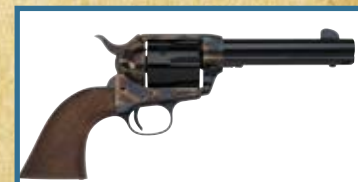

Cowboy Fast Draw Association holds a Federal Firearms License (FFL). We only ship (usually USPS) and transfer firearms to other FFL Dealers, which costs \$30 per gun. It is up to the purchaser to choose their FFL Dealer and instruct them to FAX (775) 575-5748 or email (info@cowboyfastdraw.com) a copy of their FFL to us. After receiving payment we will then ship the firearm to your FFL Dealer, who will then be responsible to have you fill out the appropriate forms and conduct a background check, according to Federal and your State Laws and Regulations.

The buyer is responsible to pay all transfer fees, background checks directly to their FFL Dealer of choice.

All Firearm Sales Are Final. In the unlikely event that your FFL Dealer cannot process your transfer paperwork due to a background check that did not pass. The buyer may contact our office and request a return of the firearm and a refund of the sale. The gun must be returned to CFDA only by the FFL Dealer that it was originally sent to, in the original condition. A refund of the sale will be made, minus the original \$30 shipping fee and a 10% re-login/re-stocking fee. Available in the CFDA General Store or Call CFDA Main Office at 775-575-1802

CFDA OFFICE HOURS

Mon - Thurs 8:30 a.m. to 4:30 p.m. (West Coast / Nevada Time)

Don't forget your accessories!

EZ Wax Bullet Brushes Available in .45 and .38 caliber

EZ Wax Bullet Nylon Brush-
\$12.99 each or \$19.99 (2 Pack)
Our new brush is a 6" Nylon Brush that works extremely well on wax build-up on lands of barrel rifling. When shooting wax bullets in any firearm the barrel should be brushed often (about every 15 - 20 rounds), when cleaning barrels this often nylon brushes should be used. This is the best brush we have found!

EZ Wax Bullet Brush Mop-
\$12.99 each or \$19.99 (2 Pack)

The EZ Brush Mop makes the final cleanup even handier, quicker and easier than using multiple patches on brushes. The Brush Mop can be cleaned as needed with soap and hot water.

Combo Pack! Best Seller! \$19.99
One EZ Wax Bullet Nylon Brush and One EZ Wax Bullet Brush Mop

Cimarron is recognized as the leader in quality and authenticity in replica firearms. Tirelessly. Cimarron has worked to perfect the authentic detail, fit, finish and function of our line of frontier firearms. There is no other historical firearm that is near equal in value, strength, reliability, and authentic detail as is the line from Cimarron Firearms Co.

Whether you are making a Western movie, competing in fast draw, gun spinning or winning a SASS or CMSA world championship, Cimarron is the choice for you.

"I would shoot any Cimarron Firearm Evil Roy revolver out of the box at any match."
- Evil Roy

Join the Fast Growing Sport of Cowboy Fast Draw

Dedicated to the Romance & Legend of the Old West

A Friendly Sport that promotes Firearm Safety, Integrity, Sportsmanship, and The Cowboy Way.

The Guns

Single-action revolvers, factory chambered for .45 Colt caliber, with non-adjustable rear sights such as: SAA Colt, Colt Bisley, 1858 Remington conversions, 1875 Remington, S&W Schofield and faithful reproductions thereof, plus most Ruger Vaquero models. The external parts of the revolver must match factory stock contours and made of original type material: i.e. hammers must not be bent in any way. No trigger shoes, no mods to the trigger guard or grip frame, etc. Front sights are optional and barrels must be a minimum length of 4-1/2", except in the Shootist Category (7-1/2"). Hammer knurling may be smoothed.

The Holsters & Gun Belts

1800's-style Mexican Loop, Slim Jim, and California Pattern holsters or leather rawhide construction. The over the belt-style holster will be worn on the side of the leg only. No cross-draw, shoulder, buscadero, contemporary Hollywood or steel lined holsters are allowed.

Ammunition

95% of ammunition used in Cowboy Fast Draw is .45 colt casings that are specially modified to accept 209 shotgun primers and no gun powder. Velocities reach about 650 fps. Only in major competitions Cowboy Fast Draw Cartridges are used, they must be loaded by CFDA approved reloaders.

Targets (Three Standard Targets)

24" Round Plate 50" Height to Center - Start Light in Center
 17-3/16" Rnd Plate 47" Height to Center - Start Light in Center
 17-3/4" Balloon-Disc 47" Height to Center - See Specs
 White lithium grease is applied to target plates, to track all wax bullet hits.

Competition Timers

Digital timers must time to the thousandth of a second. Synchronized contests must use target with impact sensors.

Shooting Style

Most folks use a thumb-cocking method, but fanning is allowed. Trigger finger must be out of the trigger guard. If used to cock the hammer the off-hand must not be placed in front of the body before the start light comes on.

Contests

Contests are shot elimination style, best 2 out of 3, or 3 out of 5 shots per round. The standard contest is luck of the draw man vs. man elimination.

Target Distances (Set to Balance Speed and Accuracy)

Championship Distances

24" @ 21' (or) 17-3/16" / Balloon-Disc @ 15'

Try Cowboy Fast Draw / Exhibition Distances

24" @ 15' (or) 17-3/16" / Balloon-Disc @ 11'

There are Men's, Ladies and Youth Divisions

Clothing

1800's period clothing is strongly recommended. Western cowboy, including working cowboy clothing is acceptable. Western boots or moccasins are acceptable footwear. Western-style blue and black jeans are acceptable. Victorian Steampunk is also allowed.

Motto

"Safety First, Fun Second, Competition Third!"

Safety

One of our primary goals is to *educate as many people as possible in the safe and proper use of firearms.* Even though we use wax bullet ammunition, we treat them as they were live ammunition and observe all established range safety rules.

Some of our Goals

To keep our clothing & equipment such as guns and holsters true to form of the time period that we represent (1873-1899). 1873 is the year that the Colt Peacemaker was introduced.

To promote a positive public image of our sport and gun sports in general, since Cowboy Fast Draw is commonly held in public venues. To promote spirit of the American Old West and the Cowboy Way.
